

Press release

August 2008

HAVENS Horsefeed “Official Supplier” World Endurance Championship Terangganu – Malaysia 2008.

The FEI World Endurance Championship 2008 (“WEC 2008”; www.malaysia-wec.com) will be held in Malaysia from November 6 – 9th. The WEC 2008 will be staged at the Terengganu International Endurance Park (TIEP) in Lembah Bidong, 25km north of Kuala Terengganu on the South Chinese Sea. In total 150 riders from 36 countries will compete at the bi-annual WEC, that was held earlier in Aachen (2006) and Dubai (2004).

The WEC 2008-Organising Committee has named HAVENS Horsefeed from the Netherlands (www.horsefeed.nl) as “Official Horsefeed” of the WEC 2008.

As part of the agreement, Havens will supply all horsefeed for all participating horses; from arrival on October 13th (start quarantine) until departure of the horses after November 10th. All feeds will meet the highest quality standards and will be specially tested on absence of any prohibited substances in the Equestrian Labs in Newmarket (UK).

“We are proud to have found a strong european partner, that also provides guarantees as to quality and non-doping conformity”, says Azrin Zuhdi, Director and Organising Secretary of WEC 2008 OC. “Moreover, the presence of Havens in more than 55 countries in Europe, Middle East and Asia will add to the international image of the 2008 WEC.”

Havens feeds are produced in the Netherlands by a family-owned company (since 1845) in 5th generation. Considered in Europe as the “Mercedes” of horsefeed, Havens has also been supplier of several Olympic Games (Barcelona, Sydney, Athens, Beijing) as well as the 2006 World Equestrian Games in Germany. All feeds are produced in the same factory which guarantees the same worldwide quality.

Havens has been present in the Asia since 2005; in Malaysia it is represented by Tallahesse Equestrian Supplies (www.tallahesse.com) from KL.
