

## **Basis-Sport cubes**

## **PRODUCT DESCRIPTION**

The Basis-Sport cubes is a popular all-round 'Non-Heating' conditioning feed. The cubes are oat free and very suitable for horses in light work or horses that get too energetic from oats.

The 100% natural Basis-Sport cubes have a high fibre content, from e.g. alfalfa. The 7-mm cubes contain a moderate energy level and are fully balanced with all necessary vitamins, minerals and trace elements to cover your horse's nutritional needs.

Also very suitable for riding schools, easy-to-feed horses, nervous/hot-tempered horses and horses in recreational exertion.

- Excellent value-for-money
- Enriched with vitamines, minerals and trace-
- Oat free; ideal voor hot-tempered sporthorses
- Extra oil for a shiny coat
- Moderate energy level
- Fits perfectly into the ration of riding schools and leisure horses

## **FEEDING GUIDELINE**

It is important to feed a diet and quantity that meets the lifestyle and needs of the horse. A general guideline for the recommended <u>total amount</u> of concentrates per day:

- For maintenance and basic sport: 0.2 to 0.5 kg per 100 kg bodyweight.
- For (top) sport: 0.5 to 1.0 kg per 100 kg bodyweight.

Divide this daily ration into at least 2-3 meals per day. Always try to feed a minimum of 1.5% of bodyweight as good quality forage. Fresh drinking water must be available at all times.
